This document is a food map of Brooklyn and Manhattan, which are two boroughs of New York.

The concept of street food emerged a long time ago with the Oyster hawkers of the 18th century or the pushcarts of the Lower East Side in the 19th and 20th centuries. Today there are food trucks all over the Big Apple.
New York Food is as multicultural as its inhabitants. For example, you can have Italian spaghetti, Chinese noodles or Mexican tacos.
